DESIGN BY LUDOVICA+ROBERTO PALOMBA

Singular™
from Ideal Standard

I.LIFE

A STEP AWAY
FROM ORDINARY.

Pure and uncomplicated, *i.life* is the expression of you.

A collection that looks ahead to a future where the possibilities feel endless. In creating *i.life*, Ideal Standard has crafted three ranges, each with their own design character and technical features, but all with the same spirit and energy.

These are simple geometric shapes combined with gentle curves, flowing across a varied range that lets you celebrate what makes you different. Built to last and engineered to perfection, a bathroom from Ideal Standard functions without fuss so you can relax in your home or go out and enjoy life. A collection, created by the multi-award-winning Palomba Serafini Associati studio, that feels accessible and optimistic.

i.life creates a space which quietly inspires, where everything is inclusive and within reach.

Designed to sit on top of your vanity furniture unit, our *i.life* B vessel basins are the perfect choice for those looking to create a spa-like atmosphere at home, offering a stylish alternative to traditional basins. Following the minimalist, gently curved aesthetic which characterises *i.life* B, they feature a tapered design which allows installation on smaller worktops and furniture units. *i.life* B vessel basins are available in two rectangular and one round option, with and without overflow.

Where life just flows.

i.life B is an opportunity for expression. A chance to create a home that speaks of you; your personality articulated in design. This furniture collection is available in seven finishes to suit tastes whether understated or bold and everything in between.

Vanity units are available in a choice of heights, with one and two-drawer options, all with soft closing to give a feel of quiet luxury. This is the archetype of light design, where simplicity meets creativity and the results are elegant and effortless.

Furthermore, all our furniture ranges are made from wood that comes from well-managed, PEFC - certified forests and other controlled sources.

THE NEW EASYFIX+ SYSTEM ALLOWS ONE-MAN INSTALLATION WITH INVISIBLE FIXINGS FOR A CLEAN AESTHETIC

Available on all
i.life toilets.

RimLS+[®]

**Engineered
for hygiene.**

With every flush, RimLS+ delivers a powerful whole-bowl clean with no place for bacteria to hide. Splash-free and easier to clean, RimLS+ is the go-to solution for busy bathrooms.

88% of households would buy an Ideal Standard Rimless+ toilet. A toilet with excellent hygiene performance.*

*Result of a user survey commissioned by Ideal Standard and conducted by the institutes TCV-/isi-GmbH [n = 1,000 households with residential property – Germany n=500; Italy n=500], based on the outcome of external tests conducted by X-Tech srl for Ideal Standard measuring hygienic parameters of the toilet flush [unwashed toilet area, number of water splashes].
Scientific Supervision of User Survey:
Prof. Dr. Andreas Scharf, University of Applied Sciences Nordhausen

SmartGuard®+

Engineered to protect.

The innovative SmartGuard®+ glaze was specifically developed to provide our basins and toilet bowls with a built-in protection against a broad range of harmful microorganisms.

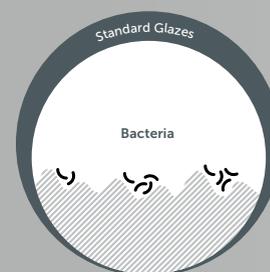

It contains ionic silver - an antimicrobial agent that is scientifically proven to inhibit the growth of a bacteria, fungi and certain viruses. Independent, regular testing procedures in accordance with ISO 22196 verify the efficiency of SmartGuard®+ against Escherichia coli and Staphylococcus aureus, achieving a kill rate of 99% in 24 hours.

To further improve hygiene, the SmartGuard®+ glaze features a smooth, glass like surface, making it more difficult for bacteria to grow and easier to keep clean.

99% antibacterial

The effectiveness of SmartGuard®+ antibacterial properties has been certified by independent testing to ISO 22196, achieving a kill rate of 99% in 24 hours.*

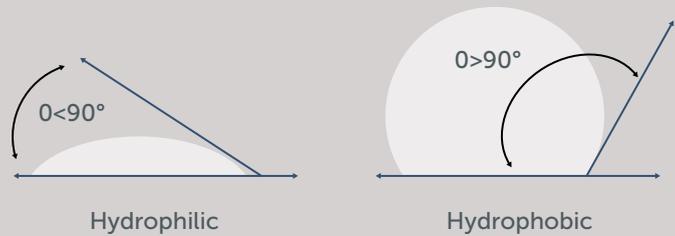

*Result of antibacterial surface test commissioned by Ideal Standard and conducted by Industrial Microbiological Services Ltd to international standard ISO 22196: 2011 which specifies a method of evaluating the antibacterial activity of antibacterial-treated products.

Hydrophilic properties increase effectiveness

SmartGuard®+ has hydrophilic properties as it incorporates a very low contact angle with water. Effectively water is “pulled” into closer contact with the ceramic, increasing the surface area being activated by the silver ions and increasing the antimicrobial effect of the glaze, as well as promoting a route by which the water can get underneath the dirt – rather than passing over the top.

A smooth surface for easy cleaning

The uneven and almost textured appearance of standard glazes reduces the efficiency of water drainage from the surface and gives more opportunities for bacteria to grow. During the firing process, the additional thin surface layer on the SmartGuard®+ flows freely and fills any microscopic indentations in the substrate, giving the glaze an extremely smooth, glass like finish.

Long-term protection

The antimicrobial is incorporated into the glaze ensuring the effects will last the lifetime of the product and provide protection even under the most intense usage conditions.

Clean geometric looks and pure shapes enable Ideal Standard to create a contemporary space that embraces style and strength in equal measure.

The *i.life B* range brings together performance and design with a clean and elegant look in pure white and chrome. Basins are available in a variety of styles and sizes which match perfectly to your needs, combined with a full pedestal, semi-pedestal and chrome bottle trap.

The classic *Ceraplan* brassware collection complements the ceramics with a modern, slim design that echoes *i.life B*'s accessible aesthetic and offers German engineering for long-lasting function without fail. This is where design meets performance and all things are considered.

The best design is all about creating products which are quietly brilliant, where quality whispers because it doesn't need to shout.

i.life S is a space saving solution that enhances your home without sacrificing performance or compromising on aesthetics. This is the embodiment of Ideal Standard's ethos of simply making modern living better, with short projection products to work in less spacious environments.

It brings a sleek and contemporary minimalism to any bathroom with a quality of manufacture that means you can leave it to do its job while you're busy doing yours.

Why should smaller rooms miss out on stylish solutions? *i.life S* enhances compact bathrooms with intelligent touches that simply work.

Reduced projection basins feature clever design to perform perfectly while saving space and staying true to *i.life's* design principles. These are available in basins from 50cm to 60cm and vanity basins from 51cm to 81cm as well as the 45cm & 37cm handrinse basins and 50cm semi-countertop.

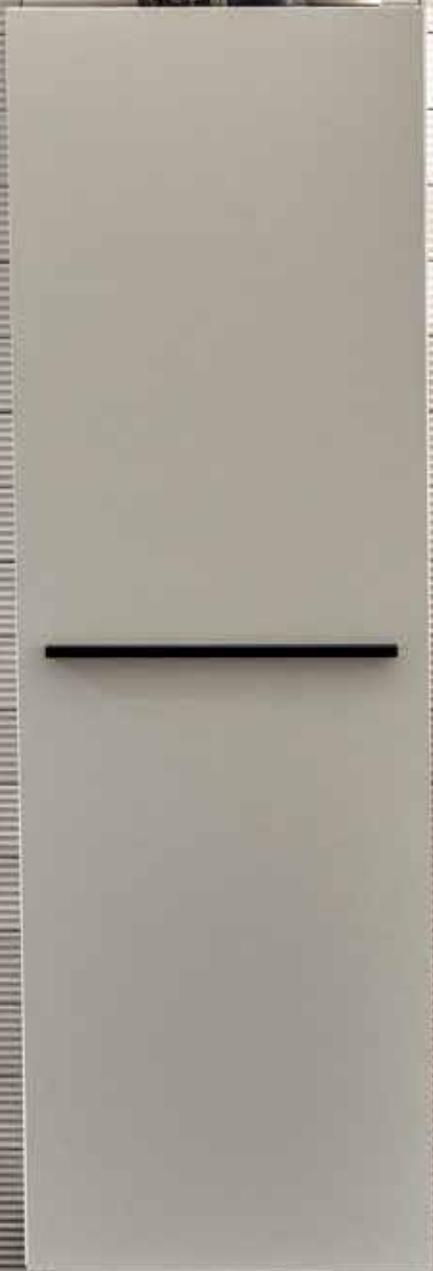

For the ideal finishing touch, match with *Ceraplan* brassware, featuring geometric stylings which complement the flowing rectangular design of *i.life S*.

CARB2 AND PEFC
CERTIFIED PRODUCTION
AND MATERIAL

SOFT CLOSING
FURNITURE

Compact spaces do not have to mean zero storage or surfaces full of clutter. Ideal Standard creates bathrooms that are clean and unfussy, with solutions to simply make life better.

i.life S offers vanity and column units with capacity that belies their size; room for stowing everyday essentials and candles to complement your evening soak. All *i.life* furniture comes in a choice of seven stylish finishes, including Sand Beige Matt, Carbon Grey Matt and Natural Oak, as well as handles in chrome and Silk Black. Doors and drawers feature soft close action for a subtle touch that adds a feeling of quiet luxury to your home.

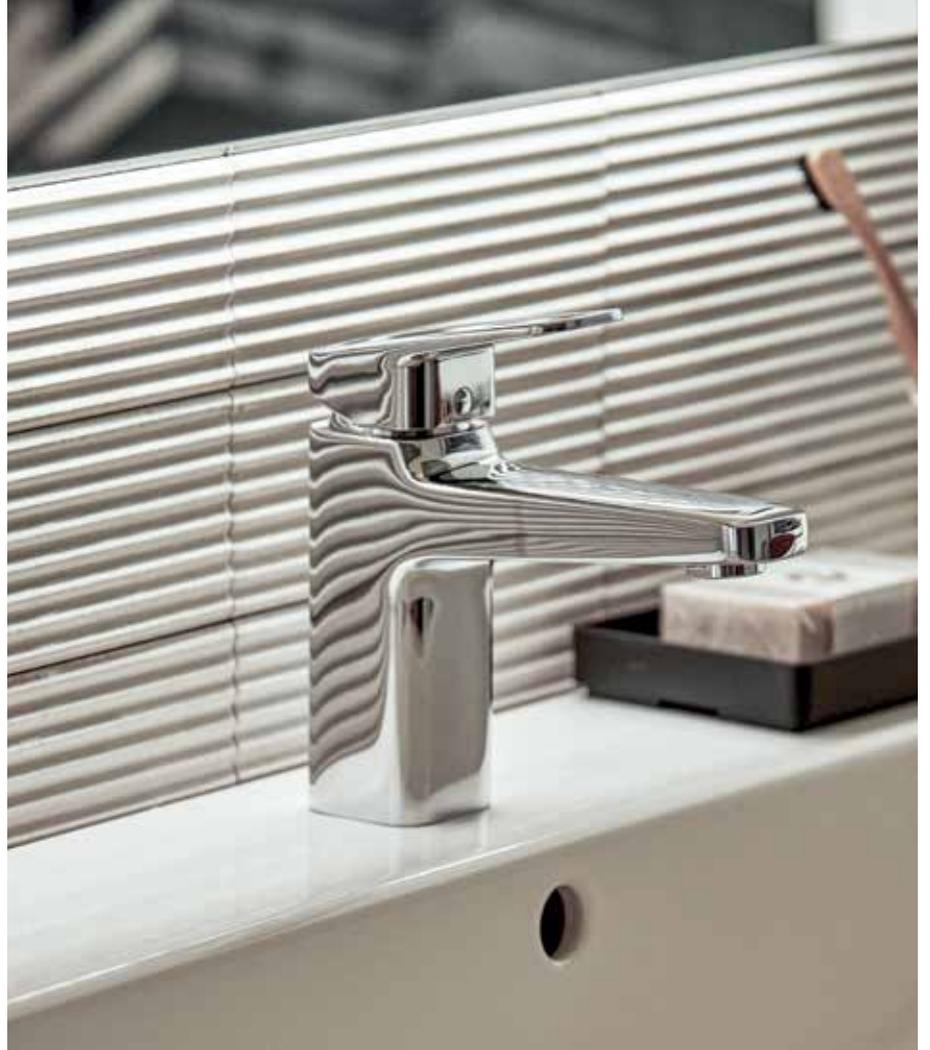

Thanks to Ideal Standard's commitment to sustainability, all our *i.life* furniture ranges are made from wood that comes from well-managed, PEFC - certified forests and other controlled source.

Installation with ease.

FITTING IS 10% FASTER THANKS
TO IDEAL STANDARD'S NEW
EASYFIX+ SYSTEM.

A space that's easier, cleaner, calmer.

This is minimalist design without compromise. An effortless and uncomplicated aesthetic combined with superior performance and durability. *i.life S* is aspirational but not ostentatious.

It creates a home which looks ahead with positivity and purpose, reflecting your style without dominating it. Toilets and bidets in this collection are available as wall hung and back to wall, as well as a close coupled toilet option.

Cisterns come as standard size and also a water-saving compact design, each with dual flush, and there are four seats to choose from, including sandwich and wrapover versions. These are ceramics to complement your style and last long into the future you are building for yourself.

WELLNESS

A place to enjoy me time.

The perfect shower is vital to starting the day well. *i.life* shower enclosures and trays offer a huge variety of options to suit your space, all with a sleek and minimal design that reflects today's world.

Low profile trays are available in four finishes – Pure White, Concrete Grey, Sand and Jet Black – while enclosures come in quadrant, slider, pivot and walk-in styles manufactured with easy clean glass and chrome. The new shower enclosure range is packed with solutions. They are easy to clean and maintain while giving a modern touch to any bathroom.

The everyday retreat.

A ritual dating back 4,000 years, bathing has gained a special place in modern life. It helps to melt away stress, enabling you to reset after a busy day. The i.life collection offers a broader choice of bath shapes to suit all spaces, including duo, asymmetric, hexagonal and corner tubs.

5. CERAPLAN

THE RE-DESIGN OF A LEGEND

BLACK NEVER GOES OUT OF FASHION. IT EMBODIES SOPHISTICATION AND ELEVATES ANY ROOM IN AN INSTANT. PAIRING CERAPLAN SILK BLACK WITH I.LIFE B IN GLOSSY GREY RESULTS IN A STYLISH CONTEMPORARY LOOK.

The re-design of a legend.

Re-designed for the modern world, Ideal Standard's *Ceraplan* is now slimmer, simpler and smoother than ever. This is the evolution of a classic piece, updated to help you face the challenges of modern living, achieving a beautiful balance of style and technology.

Available in classic Chrome and contemporary Silk Black, Ceraplan is the perfect companion for *i.life*, with options to suit basins, baths and showers of all shapes and sizes.

BlueStart® iX

**Engineered for energy
and water savings.**

BlueStart® iX is the technology behind our leading-edge iX tap ranges, which offer a smart two-in-one solution, by combining the energy saving benefits of our BlueStart® technology with the hygiene and water-saving features of a touchless tap.

BlueStart® iX offers significant energy savings as only cold water flows when the touchless function is used which is usually sufficient for brushing teeth, washing hands or cleaning. Additionally, it helps save water as the flow stops automatically as soon as the user removes their hands from the sensor detection area. This also reduces the need for cleaning and avoids the spread of germs by touching the tap with dirty hands.

The BlueStart® iX technology is available in a variety of different designs, colours and sizes, offering a flexible, practical and environmentally friendly solution for modern bathrooms.

FirmaFlow[®]+

Engineered to last.

Ideal Standard pioneered the ceramic mixer tap disc cartridge in 1969, revolutionising the way people use bathrooms forever and making it possible to create the single lever tap.

Some 50 years on, the evolution of this innovation, FirmaFlow[®]+, continues to set the standard for ceramic discs through exceptional engineering and extraordinary durability, offering heat resistance up to 90°C. FirmaFlow[®]+ delivers incredibly smooth operation for 750,000 cycles, ten times the EU norm (EN817) and enough to last a family of four 20 years*.

750.000+

full use cycles, 10x the European norm (EN817)

90° C

heat resistant

20+ years

of daily use for a family of four*

*Based on five uses per day per person as well as typical water conditions and use. Test results only apply to our 38mm cartridge.

A smart two-in-one solution.

The Ceraplan iX range builds upon the smooth, stylish, ergonomic design of Ceraplan by combining the flexibility and control of a single lever basin mixer, with the hygiene, energy- and water-saving benefits of a touchless tap.

Bringing together advanced technology and stylish design, the innovative hybrid basin mixer answers the needs of modern life.

CERAPLAN iX
BASIN MIXER iX
SILK BLACK

red dot award
winner

An invigorating experience.

Curating the perfect shower relies on a combination of comfort, performance and style. The Ceraplan and Idealrain showering solutions benefit from performance-led technology, without compromising on timeless design and elegant aesthetics.

CERAPLAN
BUILT-IN BATH & SHOWER MIXER

IDEALRAIN
HEAD + HAND STICK SHOWER

Beautiful inside and out

Combining innovative features and modern design, the Ceraplan collection achieves a beautiful balance of technology and style.

This is the brassware range for every need. *Ceraplan* has been designed to suit a wide variety of basin, bath and shower types. This includes standard, vessel, high spout, bidet and wall and rim mounted variations, all drawing from *Ceraplan's* softened geometric design fundamentals.

Idealcomfort

CERAPLAN COMES IN A VARIETY OF WHAT WE CALL COMFORT HEIGHTS. THIS MEANS CERAPLAN ADAPTS TO YOUR USE OF THE TAP AND MAKES EVERY DAY MORE COMFORTABLE.

EasyFix+

EASYFIX+ SYSTEM MAKES FITTING QUICKER AND EASIER THAN EVER. IT'S UP TO 50% FASTER THAN STANDARD FITTING, AND 15% FASTER THAN OUR ORIGINAL EASYFIX SYSTEM.

Bluestart

BLUESTART DELIVERS ONLY COLD WATER WHEN THE TAP IS IN THE MIDDLE POSITION.

Lightmove

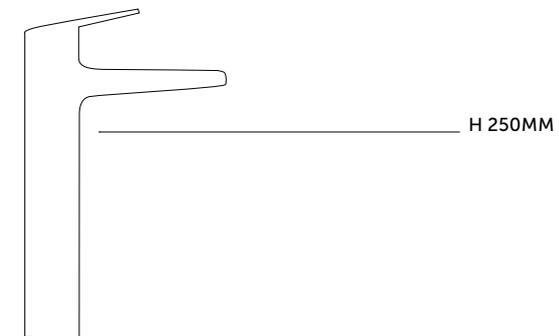

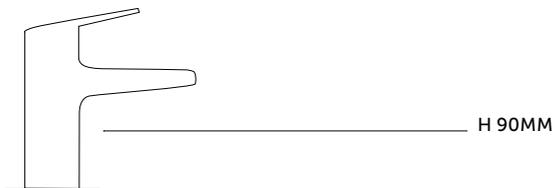

ENJOY A GREAT EXPERIENCE THANKS TO THE LIGHT SMOOTH CARTRIDGE WHICH ENSURES WATER FLOW IS JUST RIGHT FOR YOU.

Smartshine

CERAPLAN IS NOW EASIER TO CLEAN, THANKS TO THE SMOOTH LINES AND ABSENCE OF RECESSES, AND FEATURES SMARTSHINE FINISH – MAKING FITTINGS FEEL AS THOUGH THEY'VE ALWAYS BEEN PART OF THE SPACE, BUT LOOK BRAND NEW.

Ceraplan is now more comfortable and ergonomic thanks to adjustments to the spout length and handle height, and easier to clean due to its smoother exterior.

Softened lines on the outside, solid German engineering on the inside – the *Ceraplan* brassware range is the centrepiece of your bathroom, 20 years in the making.

Ecoflow

Temperature
Limit

Smartshine

WHAT'S THE KEY TO A GREAT SHOWER?
WE BELIEVE THE GREATER CONTROL YOU
HAVE, THE MORE CHOICE, AND THE
MORE COMFORT YOU EXPERIENCE.

POWERED BY FIRMAFLOW® AND DEFINED
BY ITS ERGONOMIC DESIGN,
CERAPLAN ALLOWS YOU TO MODIFY
TEMPERATURE AND FLOW FOR YOUR IDEAL
SHOWER EXPERIENCE – ALL WHILE
SAVING WATER AND ENERGY.

Ceraplan goes beyond the basin, with mixer tap options now available for bath and shower. This is a range so versatile that it's at home in any setting, bringing contemporary aesthetics and German engineering to bathing and showering.
